**To whom it may concern with regard to an application to emigrate to Canada**

**ref: Ms Gina Dennis, 61 Noredown Way, Wootton Bassett, Wilts SN4 8BL**

Ms Dennis worked for West Swindon Publications, now Swindon Publications Ltd, from May 1998 to June 1999.

Gina was employed as a part-time journalist, working for approximately 40 hours a month and was paid £10 an hour, plus extra for articles written for [swindonlink.com](http://swindonlink.com)

She was responsible for contacting local organisations to gain information for stories, following up leads and sub-editing articles.

Gina was a clear thinking reporter and able to work without a great deal of direction once the guidelines for a story angle had been agreed. She was incisive in her viewpoints and was able to convey verbal and written information in a concise and helpful way. She worked to deadlines and suggested how business and reporting procedures could be improved.

I hope the above is helpful to her application. Please contact me if further information is required.

Swindon Publications Ltd., and through its predecessor West Swindon Publications, has been publishing The Link magazine since April 1987. It is distributed monthly free of charge to 22,000 homes in West and North Swindon, with a further 3,000 being available in public places in other parts of the town.

It is funded entirely by advertising and 40 per cent of its content is editorial covering news, views and information relating to its target distribution area and the town as a whole.
