To whom it may concern

Dear Sir or Madam,

Re Mrs. Gina Dennis

In my capacity as a longterm voluntary member of the WEA branch committee in Swindon – having been Chair and Treasurer at different times – I have been involved with the staff and their work for the past twenty years.

Whilst Gina was employed as Development Worker for the Swindon Women's branch from 1994 to 1998 I found her to be an honest and straightforward person whose enthusiasm energised the whole of the branch and increased our effectiveness in providing learning opportunities for women in the town. I enjoyed working with Gina in my capacity as Treasurer of the branch and found her to be a bright, energetic and imaginative person, able to cope with a wide range of tasks. The work was very demanding and required both sympathetic personal skills and more detached organisational skills, both of which she displayed admirably. Her creative and artistic skills were an added bonus.

I am sure she will be a credit to any organisation and will add much to the life of any community in which she is involved.

Yours sincerely,

Branch Treasurer
